

Republican JP Caucus Set For Jan. 13 In GC

Republicans residing in the newly-established justice of the peace district one will caucus on Jan. 13 in Granite City to determine whether to nominate candidates for justice of the peace and constable in the district to seek office at the April 4 general election.

The caucus site tentatively has been set at the city court room in the city hall, beginning at 7 p.m., according to C. Luther Ruder, GC district central committee.

The JP district, one of five in Madison county, consists of Granite City, Venice, and Namoki townships, plus Pleasant One of Chouteau township (the Mitchell area).

A preliminary meeting of the JP committee members will be held in Granite City on either Wednesday or Thursday evening, probably at a local restaurant, Ruder added.

JP district Democrats also will hold a nominating caucus on Jan. 13 at the American Legion Duquesne in Venice, beginning at 8 p.m.

Low was held between Jan. 9 and 16, while independent candidates for JP and constable may file petitions with the county clerk during the same period.

A new state law calls for the election of only one justice of the peace and one constable within the reorganized JP districts. There are approximately 40 persons holding these township positions within the boundaries of the district at the present time.

Walter Emde of 1249 N. Broadway and Howard Baaden of 1500 7th Avenue said this week that they are planning to file petitions as independent candidates for constable, not as justices of the peace as was previously reported by the county clerk's office.

Miss Kathryn Anne Bowers, Robert T. Wagner Are Wed

Palm, ferns and urns of white chrysanthemums decorated the sanctuary, illuminated with burning candles in candelabra, and a program of wedding music was furnished by Roy Hill Jr., soloist, and Kenneth McClatchey, organist. Mr. Hill's songs were "Through The Years" by Vincent Youmans, and "Ich Liebe Dich" by Grieg.

The bride was given in marriage by her father. Her gown of pure white peau de sole was fashioned with a scoop neckline of re-embroidered Alencon lace, daintily etched with tiny seed pearls. Short sleeves were set in to the molded empire bodice and the very bouffant skirt featured seven tiers all around. A full cabbage rose accented the waistline and fell into a wide court train. Pearl orange blossoms in a halo held in place a four-tier veil of bridal illusion and the bride carried a bouquet of white

roses surrounding pink sweetheart roses.

Heading the procession to the altar was a matron of honor, Mrs. Howard Gunther, and two bridesmaids, Miss Carol Davis and Mrs. Helen Pierce, a sister of the bridegroom.

Jon Dressel was best man for Mr. Wagner and Louis Pierce, a brother-in-law, and Willis Bowers, the bride's cousin, served as groomsmen.

The guests were seated by Loren Davis, Phil Dressel and Edward Gunther.

The honor attendant and bridesmaids were identically gowned in cardinal red velvet. Ballerina-length, the short skirts were bell-shaped and the bodices were styled with scoop necks and short sleeves. The empire bodies were banded with satin, with back, obi ties and streamers. They held basket arrangements of white snowdrift, feathered carnations, lilies of the valley and red roses.

For her daughter's wedding, Mrs. Bowers selected a teal blue taffeta sheath dress with scoop neck and short sleeves, while Mrs. Wagner wore a candlelight brocade satin dress with green accessories. Both mothers complemented their costumes with orchid corsages.

A reception was held in the church parlors directly after the service.

The reception table, adorned with smilax, held the large wedding cake topped with a nosegay of white snowdrift and pink sweetheart roses.

The newlyweds will honeymoon in New York and upon their return will reside at 2810 Yale avenue.

Carl Wallen, 52, Ardent Sports Fan Dies Unexpectedly

Carl E. Wallen, 52, widely known in Quad-City as a sports fan and active in many phases of youth programs and activities, succumbed to a heart condition early New Year's day while visiting friends at Troy, Ill.

Mr. Wallen resided at 1805 Fourth street, Madison. He had gone to Troy for a holiday visit with Mr. and Mrs. Harold Courtney. Mr. Courtney is a former Venice resident, and under Mr. Wallen's help and encouragement, had advanced in Boy Scouting to the rank of Eagle Scout.

Mr. Wallen was seriously injured in an industrial accident 23 years ago, and was obliged to use crutches in getting about. However, he was in apparent good health when he left for Troy. He had been a Madison resident for 31 years, and was unmarried.

He was official statistician for the Inter-City Baseball League, was scorekeeper and promoter for boys' basketball organizations, and worked with Boy Scout groups.

His acquaintanceship among sports followers and enthusiasts, particularly those who entered their interest in baseball, was very large.

A familiar figure at high school and amateur athletic events in this area, usually carrying a scorebook and wearing a baseball cap, Wallen was able in recent years to get about on crutches.

Earlier he was confined to a wheelchair, and youthful friends often propelled him from his former home in North Venice as far as the sites of basketball and baseball games in Madison and Granite City.

Only a few hours before his death he was conversing with friends associated with the Inter-City Baseball League concerning plans for the 1961 season.

Mr. Wallen is survived by his father, Marshall A. Wallen, Madison; three sisters, Mrs. Meri Schmidt, Miami, Fla.; Mrs. Melvin (Bernice) Robertson, Granite City; and Mrs. Walter (Louise) Cook, Madison; and three brothers, Glen Wallen, Macomb, Ill.; Harry of Venice, and George Wallen of Holywood, Fla.

Mr. Wallen made his home with his brother-in-law and sister in Madison, Mr. and Mrs. Melvin Robertson.

Funeral arrangements are given in today's obituary column.

Orphans Win Tourney, Schlarmann Takes 3rd, Belleville Consolation

Centralia's Orphans, who had little real trouble with opponents until they reached the finals, came out of the center of the lower bracket to win their own 16-team holiday invitational pre basketball tournament Friday night, defeating Peoria 27-55 in the final game.

Third place went to Dinwiddie Schlarmann, which led Pinckneyville's second straight win in the finals, 80-78, while Belleville wound up with a consolation semi-final loss to Marion 59-54. Granite City reached the consolation semi-finals.

Belleville repeated as 11th best 880 and converted 14 of 20 shots in the consolation semi-final, while Centralia was third a year ago and the Pincks were first a year ago.

The Warriors this time lost their first game to Benton and secured a 16-point deficit in the consolation quarterfinals to stop Springfield Feltshans, 73-67, but failed to make the consolation finals when they were moved out by Marion Friday morning, 64-67.

Kahoks Win 10th Straight, Tourney Title

Litchfield's Panthers have only two defeats to show in 10 prep basketball games this season, and both of them have come at the hands of Illinois' No. 1-ranked Collinsville high school squad.

The Kahoks tripped Litchfield in overtime for the championship of the Collinsville tourney on Dec. 20, and on Thursday night overcame early difficulties to defeat the Panthers again, 71-64, to win the title in the eighth team East St. Louis Holiday affair.

The final score was 70-58, extending the Kahok unbeaten streak to 10 straight games. Ed Dancy scored 23 points and Sam Stempley 17 to power Alton to a 63-60 win over Peoria Central in the consolation final.

Collinsville's defense held Litchfield's high-scoring Red Schart to just 12 points in the championship game, but the Kahoks were sluggish in the early going, trailing by as many as 11 points in the second quarter.

"They stormed back to take a 41-38 halftime lead, and despite losing the services of ace Guard Bob Simpson midway through the third period, had moved ahead 57-44 by the quarter's conclusion.

Simpson collected 33 points before fouling out, but Collinsville's big scoring run again was Fred Riddle with 30. Bob Basola hit 15 points.

Inventory Shows Much Progress In Past Year, Even More Possible During 1961

Beginning of a new year is a suitable time for inventory-taking stock of gains made and of needs still to be met. Much progress was made in the Quad-Cities during 1960, and a glance at pending programs indicates no let-up in the busy whirl of 1961. But the attitudes and efforts of local residents will have a major impact on what happens in the next 12 months.

The past year brought completion of a hospital wing, fire station, bank and skyscraper office structure. The state industrial board praised this community as potentially one of the largest industrial districts in the nation, and the community honored Granite City Steel Co. and the United Steelworkers Union for effective labor-management relations and other business firms for long years of service.

West Pontoon road and Broadway were paved. Madison avenue highway lights were installed, governments generally held the line on stalled, governments generally eased the natural gas shortage, the city of Madison bought a new fire truck and began seeking still lower fire insurance rates, traffic deaths were reduced, Girl Scout proved a mental health clinic opened, voting precincts were revised, three new schools and an addition opened and the United Fund topped its goal and branched into additional fields, including medical research.

Wheels were set in motion during 1960 for many improvements that will overlap into 1961 and, in some cases, 1962. Glenview and Madison storm drainage lines started, the latter with the aid of bridge surplus funds. Land acquisition and engineering funds were received for a new Horseshoe Lake state park, and bond issues were approved for a state university in Madison county and additions at the Altamont State Hospital. Plans were announced for new Madison bank quarters and additional Venice street lighting, a Granite City animal shelter was started, McKinley Bridge remodeling was begun and arrangements were made to place magistrates and justices of the peace on salaries. A low-water dam was started, work was begun on a new parochial school—the area's 35th school building—located on the District project of \$24 to \$30 million port and industrial development program.

Some follow-up action will be necessary, such as to assure an early start on the university, port, industrial and recreation projects. Other 1961 advancements considered likely are widening of Madison avenue in Madison, erection of a new Granite City post office and additional low-rent apartments for retired people, initiation of direct distance telephone dialing, construction of a Namekowi town hall and new commercial facilities, more residential growth and continued industrial expansion and diversification.

Tasks for the state include abolition of the

25 YEARS OF THE FORUM

The following items were taken from the files of the Granite City Press-Record:

The city of Venice will shortly enact an ordinance to widen Broadway east of the west line on State street. The larger area is required for the Broadway viaduct, and plans are made. Blueprints are completed, estimates have all been figured and the money is in hand.

The federal and state governments will provide all funds. Work will have to begin by Feb. 1, however, to get the federal appropriation.

Newsboys received gifts amounting to \$139 from their customers. The list of newsboys is as follows:

Charles Adams, Paul Brankling, Joe Brennan, Herschel Crawford, Howard Crawford, Harold Cruse, Valdemir Feyntzko, Paul Gauen, Billie Graham, Buddy Hillen, John Kanbur-off, Neal Kelso, Pack Lipson, James Kenney, Clarence McGahan, Loren Meyer, Frank Plich, Raymond Robertson, Elmer Roud, Andrew Rydzis.

Nick Santagato, Kenneth Smith, Leroy Thorp, Gilbert Watson, William Weston, Anthony Wiedard, Clarence Woods, John Wilgatzel, Harry Pechte, Vincent Frizell, Harry Morris, Junior Sadler, Wesley Lipscomb and Dempsey Mitchell.

Phillip Stremmel, general superintendent of Granite City Steel Co., has been elected president of the Northside YMCA in St. Louis.

township school treasurer system in Madison county, assurance of adequate local membership on the levee district board, allocation of funds for widening 20th street and Nampoki road and for extending the riverfront highway, and requirement of tests for suspected drunken drivers.

Among needed county actions are penalties for tavern hour violations, progress toward zoning and land-use controls, start of the scheduled public utilities needs study, an end to strict autopsy limits and construction of a juvenile home.

At the local level, with some county, regional and state implications, a good set of resolutions for the new year would include greater assessment of property, fluoridation of water, rapid strides toward pollution abatement and Granite City storm drainage, fire hydrants for unincorporated areas, further interstate highway development, fuller employment, more off-street parking, improved traffic flow, city boundary extensions, an organizational blood donor program consolidation of city and township precinct lines and a study of joint office quarters for semi-public agencies.

With three mayors and two supervisors among the officials to be elected this year, citizens should set high standards in judging competing candidates. As is always necessary, public officials will need to adhere to ethical practices and cost consciousness, for conduct of governmental bodies and their cost to taxpayers directly affect growth prospects.

Since some problems are so sweeping in nature that they can be met only by a metropolitan unit, the Bi-State Development Agency will continue to be important to the Quad-Cities' future. Such as in seeking a second major airport. The Missouri-Illinois Pilot Committee, meanwhile, will endeavor to coordinate planning and development by all existing public and private agencies so that their work will produce greater results.

The coming year can be another period of progress and community betterment if all work together toward worthy goals. There will be "growing pains" and, we hope, still more growth and re-education. But if there is sound planning, co-ordination and action in each local city, the fringe area and the entire Illinois Metropolitan Area, each new challenge can become a new opportunity and new accomplishment.

Milk Price Plan Seems To Violate Fair Play

Simple fair play would seem to indicate that local dairies are right in seeking an end to pricing policies of some of the out-of-state competition. There is nothing wrong with low prices, and we feel sure that Quad-City firms will hold their own if all dairies set their own fee schedules and adhere to them consistently. But to make a profit in Missouri and at the same time charge less than cost in Illinois seems contrary to governing anti-monopoly laws.

Aside from the lack of dating, quantity sale and refusal of returns, local food buyers have another potential worry. If small firms are forced out of business, will the larger dairies continue selling at a loss?

Teensters To Meet On Youth Problems

When teenagers representing many Madison county communities meet at the YMCA Sunday afternoon, they will take under thoughtful consideration the problems of adolescents — their own and those of others.

Specifically, they will discuss and act on a program geared to meet and solve problems and the organization of a "Help Kids" movement.

The countywide meet has been called by the Kirkpatrick Homes Teen-Age Club with the co-sponsor the Illinois Youth Commission's division of community services.

Harold "Bitch" Vaughn, president of the Kirkpatrick young people's club, will preside at sessions, slated to get under way at 2 p.m.

Speakers will include Edward P. Hopper, Jacksonville, supervising sociologist of the division of community services; Wilbur R. Trimpie, Madison county schools superintendent; and Earl C. Huch, IYC district supervisor.

According to Huch, the purpose of the teen-age assembly is to discuss local area teen-age problems and methods of solving them through the "Big Brother" and "Big Sister" approach.

OUR NEXT 50 YEARS

No one could have possibly visualized today's modern wonders fifty years ago when our bank was founded. And who knows what miracles will bring tomorrow? But even as the world changes, one intrinsic value remains the same . . . people. For a bank is not mortar, nor steel, nor physical assets . . . it's people.

Proud as we are of our growth . . . of our service to the Tri-Cities over the past half-century, we are even more proud of our people . . . those we have gathered around us in this business of banking . . . and those whom we have served and will continue to serve with all our diligence, thoroughness and sincerity.

As we turn the half-century mark, to all of you and yours from all of us, a wish for health and happiness in the New Year and the many years to follow.

for American business, but it will not cure the cancer or whatever else is causing the pain. Not only would foreign banks withdraw gold before such legislation was passed, but if such legislation should pass in the U.S., it would be followed by similar legislation in England, France, Switzerland, Germany and other important countries.

I advise investors now to forget this question of gold devaluation and not speculate in gold stocks at this time. Leading gold stocks are now selling 25% or more above their price of a year ago. Another thing that investors should remember when buying Canadian gold stocks is that a number of Canadian gold mining companies are now receiving a subsidy from the Canadian government to keep them from being shut down by high labor costs. This subsidy would come off as the price of gold rises.

Stocks and Bonds
It is unpropitious for me to take a bearish position in my annual forecast. Most of the newspapers and my readers like optimistic forecasts.

In all the years I have been making these forecasts, last December was the first time that I refused to take a definite position. At that time the Dow Jones Industrial Average was 670 and today it is fluctuating around 600.

Corporation earnings reports now coming out are not good. In many cases, the gross is kept up or perhaps increased, but the net is off. Many companies will show a decline for 1960 compared with 1959. Prosperity continues so long that most manufacturers, retailers and consumers are assuming it will last at least another year. I cannot honestly agree with this. Therefore, I feel that 1961 will see lower prices for the Dow-Jones Industrial Average. I hope that many readers with small businesses are showing a profit. Those who are not should begin to reduce their loans and "trim, trim, trim."

In many cases, good bonds now yield more than good stocks. This is unfavorable to the stock market and favorable to the bond market. Therefore, I believe that bonds will continue to outperform stocks in 1961.

Many readers will be wise in

BROWNIE TROOP PARTY AT MILLER HOME

Brownie Troop 88, sponsored by the American Legion, held a Christmas party in the home of the leader, Benny Miller, 1644 Venice Avenue, Thursday afternoon. Mrs. Miller was assisted by her co-leader, Mrs. Roland Weers, and moves of the troop's recent investment highlighted the afternoon.

Games were played, with prizes being won by Colleen Down and Debby Miller. After refreshments were served, the troop visited a member of the troop confined to her home, Debby Pecunia. Brownie songs and Christmas carols were sung, and gifts were presented of the Brownies by the leaders. The gifts were World Association prizes. Refreshments were served by Mrs. Pecunia.

Employment, Wages and Taxes
Strike activity may well be at a postwar minimum during 1961. With many dislocations in the economy, the government is expected to pass legislation to separate companies. First important industry negotiations will come in the auto industry in November. The earliest, most serious contract hold until June 30, 1962.

1960 was about 67,000,000 workers. I forecast that 1961 will average a million fewer workers. Country-wide, unemployment reached as high as 4% in 1960, and for 1961 it is expected to hit 5%.

The basic difficulty is that while industry is cutting back, wages are not being cut. This means that for those getting a raise, the raise is larger. This means that for those getting a raise, the raise is larger. This means that for those getting a raise, the raise is larger.

MRS. EVENDEN HOSTESS
Mrs. Valerie Evenden entertained the suburban club in her annual Christmas party in her home, 1724 Morse Avenue, Wednesday evening.

Canasta was played, with Mrs. Jean Ross winning first prize. Mrs. Mary Kennedy, first prize, Mrs. Mary Kennedy, first prize, Mrs. Mary Kennedy, first prize.

Building And Real Estate
Looking back over the years that I have been making these annual forecasts, it seems that building and real estate have been the last to profit from a boom, and the last to suffer from the following recession. Readers know that from its world war II low point, new building, especially of homes, gradually rose to an all-time high in 1959.

In addition to the natural growth to which new building was entitled, it was greatly encouraged by loans to veterans without any down payment, the acceptance of twenty-year mortgages by banks in place of the maximum mortgage of five years, and by subsidies of various kinds. Like all stimulants, these have gradually become less effective. Hence, a decline in new building and home construction is only natural to expect in 1961.

I do, however, forecast that a move for urban renewal will be urged and secured by the new president. This means pulling down the slums of large cities and substituting brick apartment houses with playgrounds. When any new building will be encouraged by the value of the adjoining land and increases real estate taxes.

Therefore, 1961 may see real estate prices hold their own and even rise in certain areas. Small farm cities will continue to increase in price, and this will be true of most well-situated suburban property.

Every family is justified in mortgaging to buy a home in 1961, but I doubt if 1961 will be a good year to speculate in real estate. The bloom is surely off in Florida, where the surge of new houses temporarily exceeds the demand.

World Outlook
I cannot conscientiously close this forecast for 1961 without calling readers' attention to the unsatisfactory situation that we find the world in today. I do not need to comment on Russia or China, as readers are well acquainted with conditions there. I, however, must add that Mr. Kennedy is agreeable to a Summit Conference as he is itching

'Tree of Lights' Giving An Over-The-Top \$4610

The Salvation Army's "Tree of Lights" campaign to raise \$4500 for Christmas food baskets for the needy and empty-handed has vaulted "over the top" with \$4610 in contributions, collections and credits, or 102 1/2% of the goal.

Exact figures were announced by the Salvation Army over the weekend after an audit of accounts. This may be revised upwards on receipt of post-holiday contributions.

Capt. Mildred Walker of the Army corps said she was highly appreciative and gratified.

The \$4610 total includes not only cash subscriptions, but also collections, but credits for donations of canned goods and other provisions for the 400 baskets distributed by the Salvation Army.

Toys and children's playthings, along with special "goodies" were also packed in the Christmas food baskets.

To the Fraternal Order of Eagles Lodge 126 can be credited contribution of 4500 tin cans of foodstuffs. Girl Scouts, individuals, other clubs and organizations too contributed provisions for the baskets which went out just prior to Christmas to make happier the holidays of those who might otherwise have faced a bleak, farless Yule.

The "Tree of Lights" was set up on Dec. 3. For each \$25 gift credit, a colored electric bulb was lighted, until the entire strand of 180 glowed.

Atty. Randall Robertson was

chairman of the "Tree of Lights" fund-raising drive. The 20-foot evergreen, erected on the post office grounds, will come down by the weekend.

For each \$25 donation or credit, a colored electric light was turned on. Because of the generosity and open-handed giving of many Quad-Cityans, the tree was able to blaze in full, 180-bulb candlepower.

Additions announced today to the "Tree of Lights" givers' bulletin board, standing alongside the Christmas tree are:

Bricklayers Local 65, "Diver" and Mrs. Charles Delph, Civilian office personnel of the Granite City Engineer Depot, Lesko Bros. Contractors, Augusta Hoevel, Mr. and Mrs. Conrad Lueders, Explorers Post 94 of Granite City Steel Co., Epalon Eta Sorority.

Passhea & Schooley Amusement Co., Girl Scout Troop 56, Organization field and maintenance section of the Granite City Engineer Depot, Elks Lodge 1053, Fire Fighters Local 253 and General equipment branch maintenance division of Granite City Steel Co.

The latter two subscriptions were for \$20 each. Others, for \$25 each, it was noted by the Salvation Army that the Fire Fighters Local contribution represented in addition to one already credited them.

The second gift represented coin collectors received while the firemen manned the Army's kettles on 19th street prior to Christmas.

Granite City's Lost Wallet Found Intact

A wallet lost last Thursday in Jerseyville by First Ward Alderman Frank Nemeth was found intact the next morning on the main thoroughfare in that city.

Nemeth, a local mail carrier, said the wallet contained a dollar and valuable papers, and he did not miss it until Friday morning when he was getting ready to go to work at the post office.

A short time after he arrived at the post office he was told by police that the wallet had been found. Local authorities had been notified at 8:30 a.m. by the Jerseyville police chief that they had Nemeth's wallet in their possession.

Nemeth explained he had been hunting in the Jerseyville area on Thursday and on the return trip a stop was made during which he and his son changed places in the car.

"It was on the main street in Jerseyville and I guess the wallet must have fallen out of my pocket while I was out of the car," the postman explained.
